I love you

Woah

Feb 27, 2016, 7:29 PM

Allison, you're supposed to say  
you love me back

Juan, I don't even know you

Why is our relationship so one  
sided too you?Probably because you're 858  
miles away!

Age is just a number

I mean distance, distance is just  
a number

Damn auto correct

858 miles is a really high number

You're a high number

I know!!!

Can I ask you a serious question?

You can ask but I don't know if I'll  
answer if it's too serious!!

Do you love me yet...

No I don't love you yet

The only one I love is my cat

I'm your cat

I don't think you are

Do you speak cat?

Duhhhh

Liar

If you did, you'd know that I'm  
your cat

Lmao Juan ur weird

My cat is a girl

How do explain that

What if I told you I'm a girl

#plottwist

Wouldn't even be surprised

It's tinder

You're tinder

Do you love me now?

Yah

So does this mean we're getting  
married and having kids?

No!!

Why not? We're in love, that's  
what you doI don't want to get married or  
have kids tho

You're a cat

Fine, I'll settle for a phone number  
thenBut Juan you literally live 858  
miles awayI travel, like a lot. Don't ruin what  
we have, I love you...When are u coming to Chicago  
tho?Soon, most likely. So I'm gonna  
ask for your number again cause  
this feels like the start of  
something amorous. You know,  
with like candles and shit

YOU MATCHED WITH CASSIDY ON 1/1/16

Help!

Very sneaky way to get me to answer juan ;) but I respect that lol. How can I help?

Jan 1, 2016, 11:59 PM

What do you mean "how can I help"? You're supposed to spring into action. Duh, Cassidy.

Oh shit! "Rescues you from burning building?!"

It's too late. I died.

Damnit. Well, it was nice knowing you Juan.

You ruined it just like you ruined every other aspect of our relationship

It's true, I know things weren't always perfect, but I like to think that we had our moments. And even if the fault was usually mine... FUCK YOU I'M KEEPING THE CAT.

We can make this work. My mother wasn't right about us

Fight for me, Cassidy. Like in the movies

... Can we Juan? Can we.

Ok you go to the airport and I'll run in breaking tsa protocol with a boom box on my shoulder

Just think If we pull it together, our kids won't come from a broken home

We can be a family again

Little timmy would like that... i'm willing to give it another shot if you will.

Now that we're on the topic of our family, how are we gonna put bread on the table seeing as I decided to make inconsiderate life decision and go to art school?

Well I'm a theater major which might be equally as bad and or worse....

But hey! We have a stereotype of working in restaurants

Sooo I'll wait tables to support our family of five

And you just refrain from cutting any ears off

Usually I would follow my passion, but I love you so I'll conform and go to med school. After some time I'll grow to resent my career choice and it'll make a rift in our marriage but over time we'll make it work cause we really do care. Then after the kids are all out of the house we'll retire to a house by the water where I can paint and you'll write screen plays that sometimes you'll consider to be poor stories but I'll let you know better

Wow. Well if its gonna be that much of an issue I'll just leave you and the kids and become a famous actress and star if the silver screen. I'll vacation around the world and leave behind a string of lovers but someday I'll realize the empty hole I feel day in and day out cannot be filled woth endless dicks, alas it must be filled with love. So I'll return to my children only to find resentment and hatred for leaving them motherless with an absentee yet well intentioned starving artist of a father. I'll then visit you and when I realize your address is a graveyard and I've missed my only chance for true happiness, I will throw myself in front of a subway car and as my body careens into certain doom I will catch your glance for ALAS

YOU WERE THE GROUNDSKEEPER OF THE GRAVEYARD NOT A TENANT!

And thus ends of the story of "The girl and the graveyard"

Or you know, that could happen too... I'm gonna ask you for your number now seeing as the entirety of the rest of our lives is pretty much planned out.

Cassidy don't destroy all we've built

Haha 772 [REDACTED]. Use it wisely, or they will come for you.

YOU MATCHED WITH AMANDA ON 2/14/16

That was my cheesy pickup line

Amanda, did it work?

Feb 14, 2016, 8:26 PM

I think I'm missing some of the emojis since I have an android!

Can I be honest with you?

of course~

I've always been worried that this would never work. You being an android and me being an iPhone. But I love you, so if you're willing to try, I am too

considering all of my friends are team iPhone I think we can make this work 😊

Feb 17, 2016, 6:42 PM

I feel like we're growing apart

Feb 17, 2016, 8:31 PM

wow I just realized that my message that I sent you a couple of days ago failed to send

it must be the android-iPhone issue haha

This is the reason I have trust issues that are gonna result in me being a distant parent to our kids

We can work this out! I promise!

I want to make this work but it's just hard to prioritize thing. You're never home, the kids ask about you every day that I come home to see them after they've spent hour with a sitter. I still love you, but how do you expect us to fix this?

Feb 17, 2016, 9:29 PM

We can go to couples therapy, Juan. This time it will be different. If anything we need to do this for the children. It will take a lot of effort from the both of us but I think we're ready to finally get past our differences

I think that's reasonable, I don't want our kids to come from a broken home and the idea of us growing old together seems morbid if we don't make an effort to fix this. I'm gonna ask you for your number now, you know for the kids

oh yeah, definitely for the kids sake you need to have my number!

it's 845

Our family will pull through this Amanda, I promise

I sure hope so, we need this now more than ever

Can I be honest with you?

Feb 16, 2016, 6:59 PM

I've always been worried that this would never work. You being an android and me being an iPhone. But I love you, so if you're willing to try, I am too

I.. dont know. Iphones can be hard to love. The way they always make fun of my image quality and limited emojis. I'm just not sure if I can trust an iphone right now

Feb 16, 2016, 11:14 PM

You may be flawed, and I my a pretentious monopoly over cell phone usage, but it's our differences that will bring us closer

Just think, when we get married and have kids, we'll be able to tell them all about how our love overcame adversity

Feb 17, 2016, 12:02 AM

Well... I guess it's worth a shot. Lets do this

Does this mean you don't think marriage is antiquated?

i really need to change my bio to something normal again

Feb 17, 2016, 6:52 PM

You should change it to something like "why is abbreviation such a long word?" Just to see how many people seriously try and answer you

But on a more pressing matter, if we're married, how are we gonna put bread on the table, cause I'm pretty stuck on this whole art thing?

Feb 17, 2016, 8:36 PM

Oh shit, and I'm committed to the film thing. We'll need side jobs. Have you ever thought about selling ur art on etsy?

Would you still love me if my only form of income was etsy?

Depends on how popular your etsy store is

Dude I'll sell the shit out of some lanyards. Our kids are gonna be able to go to private school so they'll turn out really stuck up, and our relationship will be flawless cause everyone know money solves all marital issues

Feb 19, 2016, 9:32 AM

Uh oh. Kids?? I only want 12 dogs

Feb 20, 2016, 5:01 PM

Can we compromise for 6 dogs and adopting a southeast Asian baby?

Can we compromise for 6 dogs and adopting a southeast Asian baby?

Okay you have to take care of it though. The kid can be the pack leader. We'll never have to worry about bullies.

Feb 20, 2016, 9:09 PM

True, and cause he's Asian he's gonna be able to support us when he becomes a doctor. This adult stuff is easy

I'm gonna ask you for your number now, you know... For the kids

I'm not really too into emojis but I'm gonna learn to accept it on account of when we get married it'll set a bad example for our family if I don't

true, we don't want to be fighting all the time in front of little Woodchip and Pickle.

Oct 12, 2015, 2:41 PM

We're adopting right? (Pregnancy weirds me out)

Oct 12, 2015, 6:17 PM

Oct 13, 2015, 3:03 AM

only if we can watch it together before the honeymoon

Oct 13, 2015, 5:31 PM

I was thinking we spend our honeymoon somewhere in Southeast Asia so we can adopt our kids from there

They need to be Asian so they can support us when we retire

Oct 13, 2015, 8:19 PM

yes agreef

I'm gonna ask you for your number now, it's mainly to prove my therapist wrong (he says I'm gonna die miserable and alone) but also cause you're the mother of kids

I'm the mother of dragons

breaker of chains

I am the khaleesi

Oct 13, 2015, 11:16 PM

The fact that it started with a cry for help

I love you, but it makes me feel inadequate when you say things like that You got any hobbies? You know... Interesting ones

Kissing giraffes and slaughtering goats in Africa has become one of my favorite pastimes

Is it alright that I'm super turned on right now?

Probably not

You're right I should probably get that checked out

But speaking of, when we get married and have kids, you're gonna have too settle down on the whole goat slaughtering thing. It set a bad example

Do you normally try this hard to be different

If you're gonna psycho analyze me you can at least give me your number so I don't break down crying on tinder
